

'Shaping our Future' Meetings

Next meeting: Monday 6th July 2015 at 5pm

We are committed to being a listening and responding academy, where your views and feelings are of paramount importance to us.

Our parents'/carers' views, expectations and interests are at the heart of our community. It is our aim to build a strong working partnership with parents/carers and families with regard to all aspects of our student's education and personal growth.

We are always keen to hear parents' views and opinions, both on positive aspects of the school and suggestions for improvement. 'Shaping our Future' whereby all stakeholders (staff, parents, governors, students, community members) are encouraged to support us in evaluating our current performance and progress in relation to our Strategic Academy Improvement Plan, and in prioritising future actions and areas for development.

Some items previously considered include: The Academy Behaviour Policy, Intervention plans for raising attainment, Healthy Eating, the Sex and Relationships Education Policy, and the academy's reporting system. Additionally, we have a standing item outlining the construction progress of the new Academy building.

Additionally, the Head of School holds weekly 'drop-in' open appointments for parents/carers and this is available each Tuesday from 3.30pm – 4.30pm. Alternatively, contact Julie Barrett (the Head's PA) on 01642 870003 to make an appointment or email Andrew Ramsey directly on aramsey@stmichaelsrcschool.org.uk

Thank you.
