| Frequency of homework: <i>how often will my child be given homework?</i> | Format of homework: <i>what will my child be asked to do for homework?</i> | Expectations for homework: <i>how long is my child expected to spend on homework tasks and how will they know the quality of work expected from them?</i> | Assessment of homework: <i>how will my child's homework be assessed?</i> |
| Weekly homework issued. In instances where a class is shared between multiple teachers, one of the teachers attached to that class will assume the responsibility for homework. | Homework in Y7 and Y8 will be set and completed online using the 'Activelearn' website accessible from the school homepage via the links drop down menu. All students receive individual usernames, passwords and training on how to use the website. Support for homework tasks is available every lunch time. Computers are available for students to access. | To do the homework properly students should spend at least 20 minutes on the work. Hints and help pages can be accessed directly from the homework pages allowing research to find the correct answers. There should never be an instance where the work set is too difficult because these help pages are always available. | The website marks the homework and provides students with immediate feedback on how well they've done. Students can reattempt the work up to 2 times if desired to improve their performance. Detailed results are available to teachers and those results will be analysed by teachers and grades recorded in department mark books. |

Homework information for parents

| KS4: Years 9, 10 and 11 | | | |

| Frequency of homework: <i>how often will my child be given homework?</i> | Format of homework: <i>what will my child be asked to do for homework?</i> | Expectations for homework: <i>how long is my child expected to spend on homework tasks and how will they know the quality of work expected from them?</i> | Assessment of homework: <i>how will my child's homework be assessed?</i> |
| Homework will be issued on a basis of averaging 2-3 pieces of homework per module of work. Each module will take approx. 6 weeks. Due to the nature of the delivery of scientific content at KS4 homework will always be issued by more than one teacher at a time, 2 pieces for combined Science and 3 pieces for each separate Science subject. | Students will be tasked to complete exam questions taken from a bank of past papers. These questions will test content relevant to that which will be examined in terminal assessments. | For students to complete homework questions properly (including research in their exercise books or potentially further afield, e.g. Internet) they should spend approximately 30 minutes per homework issued. | Students will peer or self-mark homework questions as part of the starter to a subsequent lesson with feedback from teacher and improvement time also planned in. |
